

Botox Inventory Log: Lots Received

One line per vial lot received. Keep with the fridge.

Practice: _____ Product: _____ Month: _____ Page ____ of ____

Rule: nothing goes in the fridge until its lot and expiration are on this sheet. A recall names a lot number; this sheet is the answer.

Product: _____ Lot number: _____ Vial size (units): _ Mixed date / time: _____ Mixed by: _____ Discard by: _____

Date	Time	Patient initials	Provider	Units used	Units remaining	Notes (area treated, waste)

The vial is empty when Units remaining reaches zero. Units left on the discard date are waste: write the number and the initials of who discarded it.
Vial sizes per label: Botox 50 / 100 / 200 units. Dysport 300 / 500. Jeuveau 100. Xeomin 50 / 100 / 200. Daxxify 50 / 100. Confirm against the package insert.
